5. Identify the meaning, use, and consequences of bankruptcy. 4.2.5

4.3 Discuss common insurance needs in an agribusiness

1. List and explain the kinds of insurance that may be needed in an agribusiness. 4.3.1
2. Identify and explain the kinds of insurance needed by small business owners. 4.3.2
3. Invite a local insurance agent to serve as a resource person and discuss insurance needs from the perspective of an agribusiness. 4.3.3

4.4 Discuss concepts associated with inheritance and succession planning

1. Identify applicable concepts associated with inheritance and succession of an agribusiness. 4.4.1
2. Invite a local attorney to serve as a resource person and discuss inheritance and succession planning in agribusiness. 4.4.2
3. Identify the purpose and contents of a will. 4.4.3

Determining and Obtaining Needed Resources in Agribusiness

5.1 Define terms

1. Apply/Match terms to correct definition in context. 5.1.1

5.2 Discuss resources needed in an agribusiness

1. List and explain the kinds of productive resources, including natural, labor, capital, and management resources. 5.2.1
2. Arrange for an agribusiness manager or owner to serve as a resource person and discuss the resources that are used. 5.2.2
3. Make a case study of a local agribusiness to identify the resources used and products produced. 5.2.3
4. Relate the role of time as a component of productive resources. 5.2.4

5.3 Describe sources of capital

1. Identify the role of a manager/owner in acquiring the resources needed by an agribusiness. 5.3.1
2. List, explain, and evaluate approaches/sources for gaining needed capital. 5.3.2
3. Invite a loan officer at a local bank to serve as a resource person and discuss lending, including how to obtain a loan and the costs of borrowed capital. 5.3.3

5.4 Determine the kinds and costs of obtaining capital.

1. Identify the types of loans, including secured and unsecured, mortgage, business, and personal loans. 5.4.1
 2. List criteria lending agencies consider in making a loan. 5.4.2
 3. Investigate the relationship between the amount of time for repayment of a loan and its cost, including annual percentage rate. 5.4.3
 4. Explain amortization and how it is related to loan repayment. 5.4.4
 5. Calculate various costs of borrowing, including APR, principal amounts, and interest. 5.4.5
 6. Use an amortization schedule for loans of various amounts and repayment times. 5.4.6
-

Keeping and Analyzing Records in Agribusiness

6.1 Define terms

1. Apply/Match terms to correct definition in context. 6.1.1
-

6.2 Discuss the kinds and purposes of agribusiness records

1. List and distinguish kinds of agribusiness records including personnel, tax and license, product and process, purchase and sales, insurance, equipment, and financial. 6.2.1
 2. List the purposes of record keeping and explain the uses of each, including assessing goal achievement, measure productive activity, meet legal requirements, track materials, and make decisions. 6.2.2
 3. Make a tour to the office of an agribusiness to observe record keeping practices. 6.2.3
-

6.3 Describe the process of recordkeeping

1. Identify the activities in record keeping, including gathering information, summarizing information, and reporting information. 6.3.1
 2. List ways records are kept including computer programs and applications as well as hand kept ledgers. 6.3.2
 3. Identify the importance of timeliness and accuracy in keeping records. 6.3.3
 4. List and explain two major accounting systems: cash and accrual. 6.3.4
-

6.4 Describe the kinds and uses of financial records in agribusiness

1. List and explain the kinds of financial records, including income, expense, depreciation, inventory, production, enterprise, and labor costs. 6.4.1
2. Identify the role of financial records in agribusiness related to profitability, solvency, and liquidity. 6.4.2
3. Invite a local agribusiness manager to serve as a resource person and discuss the use of financial records. 6.4.3

6.5 Discuss the role of records and reports in agribusiness analysis

1. Identify kinds of financial statements prepared from records, including net worth, cash flow, and profit and loss. 6.5.1
2. Review and interpret examples of financial statements and provide an assessment of the profitability of an agribusiness. 6.5.2
3. Construct and interpret a cash-flow summary. 6.5.3

6.6 Describe measures of profitability, solvency, and liquidity that are derived from agribusiness records

1. List and explain financial measures that can be used to determine profitability, including return-on-assets ratio and return-on-equity ratio. 6.6.1
2. List and explain financial measures that can be used to determine solvency of an agribusiness, including debt-to-asset ratio and debt-to-equity ratio. 6.6.2
3. List and explain financial measures that can be used to determine liquidity of an agribusiness, including working capital and current ratio. 6.6.3
4. Use information from records to calculate ratios related to profitability, solvency, and liquidity. 6.6.4

Managing Personnel in Agribusiness

7.1 Define terms

1. Apply/Match terms to correct definition in context 7.1.1

7.2 Discuss the importance and practices of human resources in agribusiness

1. List typical human resource needs and common personnel functions, including recruitment, hiring, training, evaluation, compensation, recognition and motivation, and termination. 7.2.1
2. Explain the objective of human resources in an agribusiness, e.g., to maximize return on investment. 7.2.2
3. Identify the role of a human resources manager in an agribusiness, including the conduct of human resources activities in an effective, legal, fair, and consistent manner. 7.2.3
4. Invite the human resources manager of an agribusiness to serve as a resource person and discuss how to gain and succeed in a job. 7.2.4

7.3 Describe hiring practices in agribusinesses

1. Locate job announcements in a newspaper, web site, or otherwise and analyze the contents for nature of the work, employee education and training requirements, compensation, and how to apply for the job. 7.3.1
2. List practices to follow in applying for a job, including making application, going for an interview, and accepting employment. 7.3.2
3. Fill out a sample paper or online job application form. 7.3.3
4. Prepare a resume appropriate for use when making a job application. 7.3.4
5. Role play a job interview, including appropriate dress, language, and posture. 7.3.5

7.4 Discuss compensation in agribusinesses

1. List common forms of compensation or benefits, including pay (salary, piece, or hourly), leave (annual and health care), insurance, and retirement. 7.4.1
2. Explain differences in salary, piece or commission, and hourly compensation. 7.4.2
